

TS3 - Identifying topic sentences:

	For a lightweight poster or sign, you can use either offset book stock or cover stock.	a
	You'll probably have to take your publication to a commercial printer, however, since bristol won't feed through most desktop printers or copy machines.	b
	The type of paper you choose for a poster or a sign depends on how it will be reproduced and how it is going to be used.	c
	If you need to create a more durable poster or sign, or create packaging, bristol stock is your best choice.	d

	It's rare, but not unheard of, for mail to go astray.	a
	And many corporate mail servers have had growing pains, too, experiencing holdups and the odd deletion.	b
	On the whole though, you can assume email will arrive.	c
	However during 1997, AOL and Microsoft Network - to name just the big players - had severe mail outages resulting in the delay, and in some cases loss, of email.	d
	In general Internet email is considerably more reliable than the postal service.	e

	Time may indicate the importance of the occasion as well as on what level an interaction between persons is to take place.	a
	The same applies for calls after 11:00 P.M.	b
	Different parts of the day, for example, are highly significant in certain contexts.	c
	Our realisation that time talks is even reflected in such common expressions as, "What time does the clock say?"	d
	In the United States if you telephone someone very early in the morning, while he is shaving or having breakfast, the time of the call usually signals a matter of utmost importance and extreme urgency.	e
	A call received during sleeping hours is apt to be taken as a matter of life and death, hence the rude joke value of these calls among the young.	f

	But modern anthropology stands opposed to the view that anatomy is destiny.	a
	Men are taller, heavier, and stronger than women; hence it is "natural" that hunting and warfare should be male specialities.	b
	Men have higher levels of testosterone; hence they are "naturally" more aggressive, sexually and otherwise, and are "naturally" dominant over women.	c
	Since differences in the anatomy and physiology of human males and females are so obvious it is easy to be misled into believing that sex-linked roles and statuses are primarily biological rather than cultural phenomena.	d
	As the underlying demographic, technological, economic, and ecological conditions to which these sex-linked roles are adapted change, new cultural definitions of sex-linked roles will emerge.	e
	Moreover since women menstruate, become pregnant, and lactate, they "naturally" are the ones to stay at home to care for and feed infants and children.	f
	Nor are women born with an innate tendency to care for infants and children and to be sexually and politically subordinate.	g
	Rather it has been the case that under a broad but finite set of cultural and natural conditions certain sex-linked specialities have been selected for in a large number of cultures.	h
	Males are not born with an innate tendency to be hunters or warriors or to be sexually and politically dominant over women.	i
